SIGNAL UPGRADES AT ROBINSON STREET AND STUBBEMAN AVENUE

City Traffic Control Division personnel will be upgrading the traffic signal installation on Robinson Street at Stubbeman Avenue. The work to be accomplished includes the replacement of one signal head, modification to indications in three signal heads, removal of a traffic control sign, and some adjustments within the signal controller cabinet. This work will take place on Monday, June 23, 2014, weather permitting. After 9:00 a.m. on June 23rd, the intersection may be temporarily controlled by an all-way STOP sign. Full signal operation should be restored at the intersection by 12:00 p.m. on the same day. Any questions about the project can be directed to Mr. David Riesland, City Traffic Engineer, at 405-329-0528 or David.Riesland@NormanOK.gov.
